ONE COPY—TWO CENTS.

MINSTRELS PLEASE AT FIRST PRESENTATION MONDAY NIGHT

Red Men's Benefit Show To Be Repeated at the Washington Opera House This Evening—City Mission Gets All Funds.

Those who were fortunate enough to see the first presentation of the Red Men's benefit minstrel show at the Washington Opera House last night were agreeably surprised at the program. For a home talent show entirely, the entertainment ranks among the best ever presented in Maysville. Every one on the program acquitted himself with high honors.

There was not as large a crowd as the show and the efforts of these men deserved and it is hoped that tonight the Opera House will be filled to its entire capacity.

All of the profits arising from these entertainments will be donated by the local order of Red Men to the City Mission for the use and benefit of the poor of Maysville and this community. The Red Men had hoped to be enabled by means of this entertainment to present the Mission with a large check and it is hoped that they will be enabled to do that thing. Every person in Maysville who desires an evening of real entertainment and who desires to assist the poor of the community at the same time, should purchase one or more tickets for tonight's entertainment. Seat reservations can be made during the day at Shafer & Watkins' Paint Store.

We have some factory rebuilt pianos on sale of the best known makes. Come in and see them. We can save you money. Richard Spaniard Piano Co. 21Mar-14

ARRIVE SAFELY IN SOUTH.

Relatives have received messages from Mr. M. B. Collins and family who left Maysville last week saying they have arrived in their new Southern home safely and find their son, Jeanne, much improved in health.

NOTICE ODDFELLOWS.

The regular weekly meeting of DeKalb Lodge, No. 12, I. O. O. F., will be held at the hall in Second street this evening at 7 o'clock. Members are urged to attend.

COUNCIL MEETING IS A VERY TAME AFFAIR

Nothing But Routine Business Is Transacted by City Fathers at Meeting Held Last Night.

The regular monthly meeting of City Council held last night was about the tamest meeting of Council held in years. Being in session less than an hour, the Councilmen postponed every important matter scheduled to come before them and adjourned to meet at the call of the Mayor which indicates that they propose to assemble again during the month.

A complete report of the city's electric lights was furnished by Mr. George Royce, of the Light Committee, and Council instructed his committee to go over the report carefully to see if there are not some lights that could be eliminated to reduce the city's light expense which is becoming very large. Six thousand dollars worth of emergency bonds were ordered issued to pay the city's expenses and besides receiving various reports and ordering accounts paid, only trivial matters were discussed and all of these were placed in hands of committees for investigation.

Walter Thomas, formerly with McIlvain, Knox & Diener, will reopen the repair shop of the late John O'Mahoney in Traxel's alley, where he will do packing, repairing and moving of furniture.

FEW SLACKERS IN MASON COUNTY DRAFT LIST.

The government is making preparations to publish the list of slackers during the World War in the counties where the slackers resided at the time of drafting. Recently the local draft board was called upon to review a list of posted men in this county and while the list contains the names of some ten or twelve men who are technically listed as slackers, there are good and sufficient reasons to believe these men are not real slackers except in one case in which a Mason county man left Maysville on the day of the first registration and fled into Canada. He has not since been heard from and is listed as a real slacker.

Mrs. Alice Stapleton, of Manchester, Ohio, is visiting relatives in Maysville.

BIG STEMMERY WILL OPEN FOR WORK ON MONDAY MORNING

Announcement That R. J. Reynolds Tobacco Company Will Open Stemmeries Plant Is Good News to the Unemployed.

Mr. George Ballou, manager of the R. J. Reynolds Tobacco Company's local plant, announced today that the company's stemmeries will open for full operation on next Monday giving employment to scores of people in and about Maysville who are now out of employment.

With the closing of the loose leaf warehouses many people in this city were thrown out of employment and things began to look pretty blue to those who are absolutely dependent upon their work for food to carry them through the next week. This announcement, however, brings a ray of light and relieves conditions considerably in Maysville. The stemmeries will give employment to men, women, boys and girls, over sixteen years of age, both white and colored. They have much work on hand to be done and there is every assurance that the plant will operate continuously giving employment to many throughout the summer months.

Working conditions at this plant are as good as can be found in any similar plant in the Southland and when the plant is opened on next Monday morning, the management should experience no trouble in procuring all of the workmen they are needing at this time.

PROHIBITION IS MOST VIOLATED OF LAWS

Judge Kerr Says Prohibition Is the Most Violated Law in Nation's History.

Lexington, Ky., April 5. — Prohibition so far has failed to bring any marked reduction in crime Judge Charles Kerr, Fayette Circuit Court, declared Monday in charging the grand jury.

"Some time in the future, there may be a reduction," the Judge said, "but it doesn't exist now. There is some reason for that. There never was a law so much violated as the prohibition law. Men violate the prohibition law who couldn't be induced to violate any other law."

"Men who never took a drink before in their lives will go further to get one now than they would to escape the penitentiary."

"One law, if thus violated, breeds violation of other laws. Think of the murders and manslaughters you know have been committed in this country through violation of the liquor laws."

The Judge declared the state courts have jurisdiction in violations of the prohibition law and told the jury violations should not be shifted to the Federal courts.

The jury was also directed to investigate the parking of automobiles, with curtains up, on the county roads.

"The automobile industry this spring is just a little livelier than it ever was before," he said. "There is hardly a road where any number of automobiles are not strung out."

BRIGHTS' DISEASE FATAL TO AGED LEWIS COUNTEAN.

Mr. L. M. Bridges, aged 66, former resident of the Burtonville neighborhood, died this morning at 10:15 o'clock at the Potts boarding house in Clifton. Mr. Bridges took ill Saturday night and physicians say he has been suffering from Brights' disease for some time. Mr. Bridges had been a boarder at the Potts' House for about two weeks. He is survived by one son, who is a merchant at Waldosta, Ga., and who is now on his way here to attend his father's funeral.

CHINA FAMINE BOWLS ARE RECEIVED HERE.

Rev. Worth Peters, pastor of the Third Street M. E. church, who is chairman for Mason county in the Chinese Famine Campaign, today received a quantity of "Chinese Famine Bowls" which will be sent throughout the county. The bowl contains a sample of the only food that fifteen million starving Chinese now have to eat. The "food" is a combination of tree barks, corn cobs, chaff, dry leaves and potato tops.

PROSECUTING WITNESS FAILS TO APPEAR.

The chief prosecuting witness in the case against William Bland, Jr., colored, indicted for seduction, failed to appear in court this morning when the case was called and it was learned that the witness was out of the jurisdiction of the court. When this was learned, Prosecutor Grannis moved the court to dismiss the indictment which was done.

Crowded for room. Talking machines at greatly reduced prices. Spaniard Piano Co. 22Mar-14

ADINA FARMS PURCHASE PROPERTY AT DOVER

Registered Herd of Holsteins Will Be Moved to Property Adjoining Town To Be Near Railroad.

Owners of the Adina Stock Farms at Minerva, yesterday purchased from W. H. Boyd, a tract of 31 acres adjoining the town of Dover, to which place they will move their pure bred herd at once in order to be near the railroad and thereby have much better shipping facilities.

The company owning the Adina Farms contemplate extensive improvements to the Boyd tract to make it one of the best equipped stock farms in Northeastern Kentucky. The company retains their large farm in the Minerva neighborhood but will use it exclusively for farming while the Dover tract will be used exclusively for the large herd of pure bred Holsteins which is making a very enviable record in Kentucky.

Nothing in recent years has attracted more attention to Mason county than has this splendid herd, regarded everywhere to contain some of the best animals of the Holstein breed in the Southland.

DELCO LIGHT PLANT PRICES TAKE A SLIDE.

Prices now range from \$295 up. Prices guaranteed for 1921. In case of further reduction money will be refunded purchaser.

C. L. MAINS & CO., Minerva, Ky. Not a night without a light. Delco Light Service.

CINCINNATI MARKETS.

Tuesday, April 5. Cattle—604, slow and steady; Bulls strong; Calves, \$10, early tops \$10.50; Hogs—\$4.34, closing slow and weak; Heavy, \$9.00@9.75; Mixed \$10.00@10.25; Medium, \$10.25; Lights and Pigs \$10.50; Roughs, \$7.25; Steers, \$5. Sheep—Steady; Clips, \$5@9; Springers, \$22.

CHARLES FLEES HUNGARY.

Budapest, April 5. — Former Emperor Charles departed from Steina-manger, in West Hungary near the Austrian border, at 10:35 o'clock this morning on his way out of Hungary. Premier Teleky made this announcement in the National Assembly this afternoon.

CLASS SOCIAL.

The Epworth Class of the Third Street M. E. church will give a social Wednesday evening at 7:30 o'clock at the church. Every member is requested to be present. Invitations are also extended to all the lady teachers of the Sunday school and friends of the class.

CHURCH OFFICERS MEET.

The regular monthly meeting of the deacons and officers of the First Baptist church will be held this evening at the office of the pastor. Important business matters are to be discussed. The regular monthly church meeting will be held on Thursday evening.

JURY EXCUSED UNTIL NEXT MONDAY.

The petit jury reported in Circuit Court this morning but as lawyers had no cases ready for trial they were again dismissed by Judge Newell to report again on next Monday at which time it is expected several civil cases will be read for trial.

MEMBERS BOYS' BAND.

All members of the Cardinal Band are notified to meet at the band room at 4 o'clock Wednesday afternoon to take part in the unveiling of the Corvine portrait at the Public Library building. Band members are expected to be in full uniform.

PORTRAIT UNVEILING TO BE MADE VERY IMPORTANT AFFAIR

Plans Being Worked Out For Interesting Ceremonies in the Reception and Unveiling of Corvine Portrait Wednesday Afternoon.

The unveiling of the portrait of Aaron Houghton Corvine, native Maysvillian, painted by himself, which is scheduled for the Public Library at 4 o'clock Wednesday afternoon, will probably be a very important event. Members of the City Council will attend in a body and all city and county officials will be invited to honored seats during the ceremony.

Mayor Thomas M. Russell will make the address receiving the beautiful portrait and it will be unveiled by Miss Chloe Newell.

The chief address at the ceremony will be made by Mrs. C. L. Wood, who will give a sketch of Corvine's life. All those interested in Mason county's contribution to art should avail themselves of this opportunity of hearing all they can about Mason county's one great artist—the only man who ever made a world-wide reputation in art for Maysville and Mason county.

The ceremonies will begin promptly at 4 o'clock Wednesday afternoon on the front porch of the Public Library. The Boys' Band will play a concert and the public in general is invited.

A DELIGHTFUL PROGRAM.

The Easter meeting of the Kings' Daughters was, from start to finish, greatly enjoyed by all present. The offering of money was large and every cent given was the result of self-sacrifice during the past Lenten season. Miss Gill, the gracious hostess, was ably assisted by Miss Duke, a lady of rare loveliness of character and an ever welcome visitor to our little city, her former home.

A novel and appropriate feature of the meeting was a candy egg contest, introduced by the hostess, which caused much merriment and prolonged the pleasant time. Delicious refreshments were served and the going home hour came all too soon.

CANDIDATES SWARMING.

With the pretty warm days come the candidates and it is understood that there will be several new announcements during the week. Candidates for city office who have been "pussyfooting" for the past two months are expected to open the city fight within a few days.

NINE PRISONERS ESCAPE JAIL AT CATLETTSBURG

Alleged Chicken Thief Leads Prisoners In Escape From County Jail.

Catlettsburg, Ky., April 5. — Nine prisoners escaped from the county jail here early today under guidance of John Luster, who had broken jail four times in less than a year.

The fugitives crossed the bridge into West Virginia and none has been captured.

Luster, held for chicken stealing, is believed to have had a saw in sole of his shoe. After sawing a patch iron bar of his cell, which let him into the main corridor, he pried open doors to his friends' cell with the bar. He then sawed bars of a window leading to the outside.

Jailer R. M. Ball discovered the delivery at 1:30 o'clock half an hour after it took place. The fugitives are: Orville Morgan, highway robbery; Earl Estep, housebreaking; Melville Swims, storebreaking; Homer Clay, robbery; Roy Brown, and Charles Brown, receiving stolen property from freight cars; Hugh Bruner, robbery, and John Luster, chicken stealing.

Three prisoners on the second tier and fourteen on the first tier failed to get away.

FAYETTE COUNTY SCHOOLS IN SERIOUS CONDITION.

With the limit of credit permissible under the law already reached, practically no funds in the treasury and no solution by which funds may be raised discovered thus far, the schools of Fayette county will in all probability be closed for the remainder of the term, Dr. Gilbert L. Bailey, chairman of the county school board, announced Monday.

Saturday will be pay day for the teachers of the county schools and it will be impossible for the board to meet its obligations, Dr. Bailey declared.

Should the teachers of the county schools, however, volunteer to continue to teach and receive their pay when the board is able to give it to them the schools can be kept open. Only by this method, however, will it be possible to continue to keep the schools open, Dr. Bailey declared.

FOUR-YEAR-OLD CHILD DIES.

Julia, the four-year-old daughter of Mr. and Mrs. Bart Houston, of Bull Creek, died at the home of the parents last night after a prolonged illness. The child was injured in a fall more than a year ago and never fully recovered from those injuries.

INSTITUTE DETAILS BEING COMPLETED FOR MEETINGS HERE

Farmers' Institutes To Be Held at Mayslick and Rectoryville on Thursday and Friday of Next Week — Prominent Speakers.

Superintendent George H. Turnipseed, of the Mason County Schools, today received word from headquarters at Louisville that plans are being rapidly completed for the Farmers' Institutes which will be held in the high schools at Mayslick and Rectoryville on April 14th and 15th. Some of the best speakers in the state will be on the program which will be very interesting and contain many educational moving pictures.

Carl W. Buckler, champion Agricultural Club Boy of the state of Kentucky, will be one of the speakers, his subject being "A Boy and a Pig." He will especially interest the boys of the county and it is hoped that every boy in Mason county who is interested in Pig Club work will hear this boy who has made good in club work. Arthur S. Chapin, poultry experts of the State Experiment Station, who is very well known in Mason county will be another speaker, and Mr. James Speed, internationally famed as a student of birds, and editor of the Southern Agriculturist, will also speak and give his famous imitations of bird calls. There will be several other speakers to be announced later.

The Institute will last for two days at each place and admission to all sessions will be absolutely free to all. Those who are sponsors for these Institutes are very anxious that every boy and girl and man and woman on the farms within reach of these two towns attend all of the sessions possible.

MOTHER OF MASON COUNTY BULL MAKES RECORD.

The managers of Adina Farms have just received word from Maxwell Farms, Pollockwood, Calif., that the mother of the young bull purchased by Adina Farms in January, has just finished her yearly test as a junior two year old with 19,453 pounds of milk, and 220.55 pounds of butter. This is an unusual record for a Junior two year old.

THE LEDGER PUBLISHING COMPANY
At the Public Ledger Building, East Third Street.

CLARENCE MATHEWS, Editor and Manager
Entered at the Postoffice, Maysville, Kentucky, as Second Class Mail Matter
RATES IN ADVANCE: By Carrier or Mail, \$3 per year; \$1.75, Six Months;
40 Cents per Month.

OUR POLICY:

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the county as a whole.

TO PROLONG YOUR YOUTH.

When you are 96 years old, will you be as rugged and as young in heart as John B. Babcock, of Boston? Celebrating his 96th birthday, he wants you to know about his simple method for keeping Old Man Time at arm's length. He says:

"Every old person can keep young, happy and spry by having a hobby for recreation. My hobby is solitaire—and my cat. I play seventy games a day, probably more than any other person in the world. They call me the Solitaire Prince."

"But I don't play cards on Sunday. Everybody needs a day of complete rest once a week—rest from play as well as rest from work. Just take it easy on the Sabbath."

John D. Rockefeller, most successful man that ever lived, is 82. To keep in trim, he has three hobbies—golf, his garden and bicycle riding. He doesn't pedal. Hires a man to push while he steers.

Padewski, nearing old age, has a hobby—billiards. The disappointments and misfortunes that he has encountered recently would have broken most men. But Padewski picks up his billiard cue—and swiles.

Napoleon came within an ace of being emperor of the world. Fallen, imprisoned, he kept from going mad by taking up a hobby—solitaire.

Lewis Carroll, greatest mathematician of grandfather's day, wrote fairy stories, including "Alice's Adventures in Wonderland." This hobby helped keep him and millions of readers young in heart. Grandfather may also remember George Francis Train, the railroad genius of six years ago. All his remarkable projects collapsed. In his old age he found a hobby—hunting New York parks to talk to children. That kept him happy until he died at 75.

Play is the spirit of youth.

Play—have a hobby—to retain youth's spirit.

And don't wait until your hair turns white, else old age may be upon you before you are aware. Dr. Eugene Lyman Fisk, head of the Life Extension Institute, says: "In the cities women on the average live to 61 years and men only to 56. In rural districts, women live to 68, men to 66."

So nature is the greatest hobby, though golf and chess men have their place.

You have nature at your very door. Take long walks in the April sunshine and breathe in the spirit and invigorating air of approaching spring. That is the greatest antidote for old age—the real Elixir of Youth.

SPEAKING OF BALANCES.

An ingenious French writer undertakes to offset the debt of over \$3,000,000,000 owed by his country to the United States by a counter claim of 90,000,000,000 francs alleged to be due France on account of aid she extended to this country in the Revolution. The total is reached by computing compound interest. United States Treasury officials say there is no record of such a claim on file, but even if it were a legitimate debt it furnishes no parallel to the money loans made by the United States to France in the World War.

France was at war with England at the time of the Revolution and her action in sending troops to our aid was largely dictated by a desire to strike another blow at the English rather than merely to aid the Americans to gain their independence. Likewise France was at war with Germany in 1917, but our action in sending troops to Europe was not so much to aid France as it was to strike a blow at the Germans. If France cares to put in a claim for what she did for America in the Revolution, the United States can put in a claim for what we did for France in the World War. The balance would be a tremendous credit in favor of this country, leaving the debt of France to the United States on account of loans still unaccounted for.

"BUILD A HOME."

Nobody becomes a full fledged citizen, observes the Frankfort State Journal, till he has experienced home ownership. The possession of a home interests a man in many affairs of the community in which he has little interest prior to binding himself to the soil and the social structure by home ownership.

Naturally the dealers in building supplies advocate home building in the interest of business, but nevertheless all students of social welfare advocate it from motives wholly disinterested and the difficulties of the last half dozen years have created a house shortage which makes home building more and more of a business proposition than it was when houses for rent were more plentiful than renters for houses.

Whether building supplies are as low as they will be in 1922 nobody knows, but they are decidedly lower than they were in 1920, and the family which needs a home in 1921 has a long time to wait if it must wait till that indefinite time when everyone will say building materials have reached the bedrock price.—Georgetown News.

CHINA IS GRATEFUL FOR AMERICAN AID.

The Chinese have transmitted to President Harding their thanks for his official aid in securing the attention of the American people in behalf of their starving millions. Logically their thanks, extend to the people at large who have responded with their wanted generosity to the Oriental appeal for succor.

There has not been raised yet sufficient to insure the saving of all the destitute and dying and it is impossible, of course, that help can function with that efficiency and sufficiency that will save all. Many are too far gone. Many can not be served in time. The pathetic part of it is that a system of selection has had to be put into requisition by which the oldest and most emaciated are sacrificed to the saving of the children, the younger and the less exhausted. Having not enough for all, the former are supplied not at all, and the latter just the minimum needed for life preservation.

The one gratifying feature is that America has been able, willing and prompt in sending of her substance to save the starving of all these destitute countries, since without her help all and not only just a part of the starving would have perished.

LUCKY STRIKE cigarette

WIL GEESSE IN FLIGHT.

Quite a good deal of excitement was created in Falmouth and vicinity Sunday night about 8 o'clock, when a flock of wild geese circled over the city. It seemed that the glare of the electric light blinded the geese and they circled over the city for an hour or more. At times they flew not more than twenty-five feet above the earth and their piping could be heard considerable distance. Several men tried to kill the geese, but were unsuccessful, as they would not be seen sufficiently well from the ground to make a good target. The flight of the wild geese in this section of the country is unusual, although in the eastern and northern sections they are quite common. The geese winter in Southern climes, and in summer migrate to the Northern lake country, which is a good feeding ground for them.—Falmouth Outlook.

STATE IN 1920 MINED 31,000,000 TONS COAL.

Washington, April 3. — Kentucky mines produced 31,000,000 tons of coal during the year 1920, according to estimates made public today by the Geological Survey. The highest monthly production was 2,980,000 tons in December, and the lowest 2,032,000 in April.

AVAILETH NOTHING NOW.

The limestone water in this section is said to compose ingredients particularly constituted to make the best whisky for which this section was so famous. — Frankfort State Journal.

IMPOSING SOUTHERN SHORTHORN EVENT

Nashville, Chattanooga and St. Louis Railway and American Shorthorn Breeders Promote Enterprise.

No announcement in recent years has occasioned so general and sincere interest among Southern cattle men as that recently made of the holding on May 17th and 18th, probably at Columbia, Tenn., of the Southern Shorthorn Exhibition and Sale. One hundred and twenty-five head of the highest class purebred Shorthorn cattle the entire South can produce will be shown in a contest for cash premiums amounting to \$4,000, and every animal in the show will be offered by auction to the breeders of the South following the conclusion of the show. The cattle will be consigned by leading breeders in the states of Kentucky, Tennessee, North Carolina, Georgia, Alabama and Mississippi.

The event will be similar in character to the National Shorthorn Congress, Show and Sale, held in Chicago annually in February, and in like manner will afford Shorthorn breeders an opportunity to exhibit for prizes and those who wish to purchase to secure their requirements at reasonable prices.

Undoubtedly this undertaking is worthy of the unalloyed support of every Southerner who is interested in the highest development of the cattle industry in the South, and such support is particularly essential as its complete success will determine future similar annual events.

The Nashville, Chattanooga & St. Louis Railway and the American Shorthorn Breeders' Association are co-operating in the promotion and conduct of the exhibit and sale, and F. W. Harding, Chief Executive of the Association, will officiate as judge of the show.

NICHOLASVILLE FLOUR MILL BURNS WITH LOSS OF \$50,000.

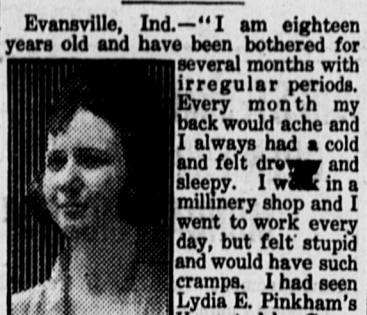

Nicholasville, Ky., April 4. — The flour mill of the Star Milling Company owned by John R. Williams, located near the Southern depot, was destroyed by fire Saturday. Mr. Williams was in Cincinnati on business when the fire occurred.

The building was a frame structure. It held between 600 and 700 barrels of flour, a large quantity of corn meal and grain, all of which was destroyed. The loss is estimated at \$40,000 to \$50,000, partly covered by insurance.

There are more people supported per acre in Great Britain than any other island in the world.

YOUNG GIRL FINDS RELIEF

Wants to Tell Other Girls All About It

Evansville, Ind.—"I am eighteen years old and have been bothered for several months with irregular periods. Every month my back would ache and I always had a cold and felt drowsy and sleepy. I was in a millinery shop and I went to work every day, but felt stupid and would have such cramps. I had seen Lydia E. Pinkham's Vegetable Compound advertised and had heard several women talk of it, so mother got me some. This Vegetable Compound is wonderful and it helped me very much, so that during my periods I am not now sick or drowsy. I have told many girls about your medicine and would be glad to help anyone who is troubled with similar ailments. You may use my testimonial as you like."—STELLA LINXWILER, 6 Second St., Evansville, Indiana.

Some girls lead lives of luxury, while others toil for their livelihood, but all are subject to the same physical laws and suffer in proportion to their violation. When such symptoms develop as irregularities, headaches, backaches, bearing-down sensations and "the blues," girls should profit by Miss Linxwiler's experience and give Lydia E. Pinkham's Vegetable Compound a trial.

400 HENS TO COMPETE IN EGG-LAYING CONTEST

Murphysboro, Ill., April 4. — Four hundred hens have been entered to date in a three-year national egg-laying contest starting here November 1. The race is regarded in Illinois as the first of its kind ever held.

The contest was planned and will be conducted by Paul Arndt, high school instructor of vocational education here, and his class of forty boys.

Wide interest has been aroused among poultrymen and eighty breeders from widely scattered sections have registered a pen of five hens each.

OBREGON ORDERS ARREST OF L. A. E. GALE, RADICAL.

Mexico City, April 4. — The arrest here on Thursday night of Linn A. E. Gale, American radical and editor of The International Monthly, was made at the personal direction of President Obregon, it was stated yesterday.

The President, in a formal statement, declared that he is determined to "stamp out the so-called Bolshevism in Mexico and the clean up of radicals has started."

"Gale is the first," he said. "And the arrest of others probably will follow."

UNCLAIMED MAIL.

Unclaimed letters in the Maysville postoffice week ending April 2: Applegate, Mrs. Richard Bradford, William Barber, Cand Crawford, Miss Jones, W. M. Hughes, Miss Fannie Marken, Miss Susie Pride, Mrs. Ethel Prestin, Clara (2) Robert, Andrew Suite, Miss Annie Lee Sweet, Miss Minnie Stamper, James Snapp, Wm. M. Smith, Rev. J. C. Scapitis, Jim One cent due on above letters; persons calling for same will please say "Advertised." M. F. KEHOE, P. M.

JAMES COOPER THOMAS, Manager.

Before Naming Your Executor

Think carefully of the disadvantages of naming an individual to act in that capacity. He is subject to every human misfortune, and your interests in his charge are imperiled accordingly. He may be inexperienced; he may prove incompetent or dishonest; he may be burdened with other duties; he may be absent when his presence is most needed; he may meet with an accident, become ill or mentally unbalanced; he will surely die, possibly soon.

This bank is better fitted to act as your executor than any individual. It performs its duties with intelligence, economy and fidelity because it is absolutely unbiased by any personal considerations and does its work with the combined training, ability and honesty of a number of men of proven character and successful business experience, and is surrounded by the strongest legal safeguards. We will gladly discuss with you the preparation of your will, no matter what the size of your estate.

Quit Laxatives, Purges; Try NR

NR Tonight—Tomorrow Feel Right

It is a mistake to continually dose yourself with so-called laxative pills, colomel, oil, purges and cathartics and force bowel action. It weakens the bowels and liver and makes constant dosing necessary.

Why don't you begin right today to overcome your constipation and get your system in such shape that daily purging will be unnecessary? You can do so if you get a 25c box of Nature's Remedy (NR Tablets) and take one each night for a week or so.

NR Tablets do much more than merely cause pleasant easy bowel action. This medicine acts upon the digestive as well as eliminative organs—promotes good digestion, causes the body to get the nourishment from all the food you eat, gives you a good, hearty appetite, strengthens the liver, overcomes biliousness, regulates kidney and bowel action and gives the whole body a thorough cleaning out. This accomplished you will not have to take medicine every day. An occasional NR tablet will keep your body in condition and you can always feel your best.

Try Nature's Remedy (NR Tablets) and prove this. It is the best bowel medicine that you can use and costs only 25c per box, containing enough to last twenty-five days. Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

New York Letter
By Lucy Jeanne Price

New York. — Almost every mentally unhampered male adult in this country has tried "new" ways of getting out of jury duty. It remained for a Manhattanite to discover a truly new one—which works. It isn't sick wives or government necessity. It's whiskers! Just good substantial whiskers. The Manhattanite had been unusually pursued by juror-servers and had reached the desperate stage. So he tried thinking. And as he thought, he realized that never yet had he been present when the opposing attorneys had done more than perfunctorily question any bewildered taleman and then excused him "by consent." He started in immediately and recently he came up before Justice Barlow S. Weeks. He had a full beard with which to confront the court and lawyers. The counsels looked at him once, smiled at each other, and he was excused. No one knows why it works, but it does.

The very latest indications of wealth is the sterling silver door key. It quite breaks into one's costume to draw out an ugly brass key, and so now the whole gold of silver key-chain full are of silver just as pure. The jewelry and novelty shops are beginning to carry the silver blanks and any locksmith can cut the proper nicks into them to fit the lock.

Indication of the demand for American manufactured products and raw materials from foreign countries is contained in cable advices received in New York within the last few days from foreign agents of American export corporations, specifying the goods wanted and the terms of payment. A report made the other day by one of the largest of these corporations says that inquiries have in instances resulted in orders, owing to the fact that prospective purchasers were in position to deal on cash or short-term credit basis. Many other inquiries have come to naught because of demand for long-term credits. The exchange situation makes the matter of credits a prime one in any discussion of export trade and methods of pushing it. Long-time credits and the exchange question in its various angles will be one of the important subjects of consideration taken up at the National Foreign Trade Council convention in Cleveland this May.

The good ship Bergensford arrived here the other day with a crew that looked at first glance like old-time Sing Singers. Shaved were their heads to the pink of their scalps. The hurrvians was what did it. It sounds remarkable; but it's quite according to form among the seamen who are not too proud to listen to wisdom from their forefathers. And Captain Ole Bull is not. It was an awful gale that struck them; more than even a skillful crew could handle. Oil was thrown overboard until there was no more to throw; but nothing would calm the seas. Then up spoke Ole Bull. "Bring up the shears," he cried to Hendrick, the head barber, "and shear the crew. When the storms refused to yield to man it pleases the gods if the sailor-men part with their shaggy locks." Hendrick obeyed. And the hurricane die away.

There is loud cheering by the tenant's chorus — as many of them as have heard this story. For it's entirely true. The hero of it rented himself a house which needed decorating. Even the landlord admitted there were patchy-looking bits of wall in some rooms, but no, he wouldn't decorate. "Well, then," said our hero, "you ought to let me have it for less money. Tell you what I'll do. Take off ten dollars a month and I'll decorate it myself." The landlord agreed, which shows the state it was in. Then the hero's heroic proportions developed. He did it himself—literally—and painted every wall and piece of woodwork DE A DBLACK. The landlord gasped. "You've ruined my property," he wailed. Then he went to court. "But no," the judge declared. "If nothing was said as to color and black is the color this man wanted, he is perfectly within his rights." So rather than let his property be ruined the landlord did the whole house over. Then tried to get the original renting price. "No, here is my lease," said the tenant, "agreeing to ten dollars a month less." And that's all there could be to it.

LUCY JEANNE PRICE.

Sale of Privileges

WOOD WALLINGFORD,
C. D. ASBURY,

Committee.

ON THE FARM IN KENTUCKY

Thirteen Vegetables In Early Garden Plantings.

Thirteen garden vegetables may be planted during the first part of April, according to Prof. A. J. Olney, of the horticultural department of the State College of Agriculture. These include early potatoes, garden peas, beets, carrots, turnips, parsnips, salsify, radishes, lettuce, early cabbage plants, cauliflower plants, kohlrabi, and onion seeds or sets.

Several good varieties are available for each of these vegetables but some of the best ones have been found to be Irish Cobbler or Early Ohio potatoes, Little Marvel peas, Detroit Dark Red beets, Hollow Crown parsnips, Sandwich Island salsify, Iceberg radishes, Early Jersey Wakefield cabbage plants, Henderson Snowball cauliflower, and Purple Top Strap Leaf turnips. Either white or yellow onion sets give good results while Southport Yellow Globe has been found to be a good variety of seed. Improved Hanson, Black Seed Simpson or Grand Rapids are each good varieties of lettuce seed. Danbers Chantenay has been found to be a good variety of carrot seed.

According to Prof. Olney, the garden should be plowed as soon as the soil conditions permit care being taken to see that the ground is not too wet. It is generally desirable to plant onions, beets and carrots in narrow rows 15 or 16 inches apart while cabbage plants, potatoes and peas should be planted in rows about three feet apart which allows for horse cultivation.

Asparagus Crop Offers Opportunity For Profit.

In spite of the fact that asparagus is not grown extensively in the state at the present time the crop is one that is easily produced and one which can be profitably raised under present conditions, according to Circular No. 68 published by the Extension Division of the State College of Agriculture. The publication which contains complete details concerning the production of this crop may be obtained free by writing the Experiment Station, Lexington.

Plenty of Feed Makes Best Colt.

A colt is "made" from the time it is two months old until it is weaned at six months of age and if stunted during that time will never fully recover, according to Professor W. S. Anderson, of the State College of Agriculture, who recommends that the young animal be taught to eat grain with its mother and given all its can eat. The matter of proper feeding of the colt is given first importance by the animal husbandry specialist.

Prior to the time that the young animal begins to eat grain the mother should be receiving a varied diet consisting of corn, oats, bran and linseed oil meal with all the good hay or pasture that she needs to properly nour-

ish her offspring. Care should be taken to see that she is not put to work too soon.

When the mare must go to work the colt may be left to run with other foals or confined in a box stall. At noon or night the mare should be rested and cooled a few minutes before the foal is allowed with her.

Handling the colt from the early part of its life will accustom the youngster to this and make it easier to break him to lead which should be done before he is weaned.

April Best Time to Sow Spring Alfalfa

Spring seeding of alfalfa is most likely to be successful if done in April, according to members of the soils and crops department of the State College of Agriculture. Weeds are not so troublesome then and the young plants have an opportunity to become established before their arrival. Early preparation of the seed bed is desirable in spring seeding of the crop.

The rate of seeding generally practiced in Kentucky is from fifteen to twenty pounds an acre. Under exceptionally favorable conditions a good

DAYS OF DIZZINESS.

Come to Hundreds of Maysville People.

There are days of dizziness; Spells of headache, languor, back-ache; Sometimes rheumatic pains; Often urinary disorders. Doan's Kidney Pills are especially for kidney ills.

Endorsed in Maysville by grateful friends and neighbors. Ask your neighbor. Mrs. J. W. Ishmael, 225 East Fifth street, Maysville, says: "I had been a sufferer from kidney trouble for many years. I think I inherited it as my mother died of dropsy. My kidneys were in a weak condition and at times they acted too often. My back ached terribly and it broke my rest at night as the misery was still there. I had dizzy spells and could see flashes before my eyes and everything turned black before me. A friend told me about using Doan's Kidney Pills with benefit so I sent to Swift's Drug Store and got two boxes. After using them I got better and have felt like a different woman ever since. I can't recommend Doan's too highly."

Price 60 cents, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Ishmael had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

stand may be obtained by sowing even less seed by economizing in this respect hardly pays since a good thick stand is necessary in keeping down weeds.

Complete details concerning alfalfa are contained in Circular No. 70, which may be obtained free by writing the Experiment Station, Lexington.

WORTH A DOLLAR A DROP.

There is a gentleman in Danville, who has a half-pint of Old Carter brandy. This is the brand that made Lincoln county famous in the years gone by. The liquid is really worth a dollar a drop, but no price can buy it—it is not for sale.—Advocate. The brandy, we suppose, is some of that made many years ago by the late "Highland" James Carter, and those who have tasted the product know that it comes as near being worth a dollar a drop as any booze ever was. It must be at least twenty years old, as Mr. Carter quit making brandy many years before he died and he had been dead nearly a decade. —Stanford Interior Journal.

RUSSIAN AVIATOR INVENTS HELICOPTER.

A new helicopter, an aeroplane that will rise directly from the ground, has been invented, and is about to be patented in America, by T. Sibirsky, the well known Russian engineer and aviator, an dthe builder of the famous Russian 90-passenger aeroplane, "Hia-Murometz." Mr. Sibirsky is a refugee from Russia, and has taken up his abode in New York City, where he is continuing his research work in aeronautics.

STONE TO QUIT L. & N.;

JOUETT AS SUCCESSOR.

Louisville, April 5. — Henry L. Stone, general counsel for the Louisville and Nashville Railroad, today announced his resignation, effective April 21, and will be succeeded by Edward S. Jouett, it was said at the L. & N. office. Mr. Stone, who is 80 years old, gave his advanced age as the reason for his resignation. He has held the position for sixteen years, prior to which he was city attorney. In the Civil War he fought with General Morgan's raiders. Mr. Jouett was formerly a resident of Winchester.

PARDON APPEAL STAYS

\$40,000 FINE PAYMENT.

Covington, Ky., April 5.—A new appeal for a pardon for Henry Feltman, Covington tobaccoist, sentenced to seven years and fined \$40,000 for violating the espionage act, has been filed with President Harding.

Payment of the fine was due today, but District Attorney Slattery moved that collection be postponed pending action on the pardon appeal.

United States District Judge Cochran took the motion under advisement.

Chief of Police Harry A. Ort, is in Covington today to appear as a witness before the Federal grand jury in local liquor cases.

SEVENTY PEOPLE IN BIG JORDAN SHOW GIVEN BY THE ELKS

Mr. and Mrs. Jean Jordan Here To Begin Rehearsals for "Hits And Bits of 1920," To Be Given April 18 and 19.

The first rehearsal for the Elks' big show will be held tomorrow (Wednesday) night at the Elks' rooms. Mr. and Mrs. Jean Jordan, of the Jordan-Detroit Producing Co., arrived in this city yesterday and will have personal charge of the rehearsals and performances.

The show will be given the nights of April 18 and 19 at the Washington Theater and will be along the lines of the Follies. The title of "Hits and Bits of 1920" has been chosen. The Jordans say that this show is by far the most pretentious and best of their many plays.

Mrs. Jean Jordan is responsible for the original bits and adaptations used in the play. The newest songs and dances together with many novel ideas as to costuming and staging will, as usual, form a large part of the newest Jordan play.

A cast of seventy will be used including a chorus of thirty-two of Maysville's prettiest girls. John Dudley Keith, who will have charge of the show, is busy selecting the cast. A full attendance at the first rehearsal tomorrow night is requested.

NOTICE KNIGHTS OF COLUMBUS.

MURPHY'S JEWELRY STORE

MOUNTAIN RAIDERS STRIKE BECAUSE OF EXPENSE

Bell County Officers Who Have Begged Many Moonshiners, Say They Will Stop Their Endeavors.

The Middlesboro News says: Policeman C. M. Peary, Deputy Sheriff A. D. DeBusk and Constable J. A. Thompson all of Middlesboro, and Levi Mason and Leslie Webb, deputy sheriffs, with officers in Pineville, have mutinied and will not engage in other raids for moonshiners and bootleggers, two of these officers told a News representative.

For months a few of them, and for years the most of them, have raided day and night in rugged mountains. Within the last year a large number of moonshine stills have been discovered and destroyed in Bell county, and many arrests have followed discovery and destruction of stills and in the majority of the raids some or all of the now mutinous officers were engaged, and to be exact, or approximately exact, Yeary and DeBusk have each received a total of \$27.80, a point total of \$55.60, and \$50 of this amount was donated by the Law and Order League of Middlesboro. The mutinous officers further allege that their expenses of attending courts at London, Pineville and Middlesboro have been heavy and very burdensome transit by automobile and that they are not in frame of mind to take any more money out of their own pockets to run down violators of prohibition laws, which high salaried federal agents are paid to enforce.

COLORADO CITIZENS.

Supper Saturday, April 9, at the colored Oddfellows' building on Sutton street, for the benefit colored boys' band. Everybody invited. 5Apr6t

NOTICE

Notice is hereby given that on the twelfth day of April, 1921, the Mason County Fiscal Court at the Mason County court house in Maysville, Kentucky, will elect a County Treasurer for a term of four (4) years.

All applicants must submit sealed bids which must be filed with the Clerk of the Mason Fiscal Court on or before 10 o'clock a. m. on said date at which time all submitted bids will be opened and examined and the said court shall elect that person whose bid is regarded by said court as being the lowest and best bid, provided the person making such bid possesses the other qualifications required of such officer as set out in Chapter 153, 1920 Acts of the General Assembly of the state of Kentucky.

H. P. PURNELL, 21Mch10t Judge Mason County Court

BUSINESS CONDITIONS ARE MUCH IMPROVED SAYS INVESTIGATOR

Increase in Confidence Is Shown and Building Is Growing, Experts Report Shows.

Baltimore, Md., April 5. — David F. Houston, former Secretary of Agriculture, in analyzing a country-wide survey of industrial, financial, agricultural and other economic conditions, declares that "the big national question is taxation with peace settlement and international trade next."

The survey, made in all of the geographical divisions of the United States by field agents of the Fidelity and Deposit Company of this city, consisted of answers to 36 questions by farmers, bankers, manufacturers and public officials. An interesting feature of the statistics is that in every section except New England and the Rocky Mountain states, building operations show a marked increase. General conditions in every state were reported "good" and raw materials plentiful. Savings accounts, the survey showed, increased in 19 states.

In every state the consensus of opinion was that the farmers have not disposed of all their last season's crops. Low prices and shortage of money and labor are said to have caused a reduction in acreage in all states except Illinois, Iowa, Kansas, Missouri, Nebraska and the Pacific Coast states. The crop outlook for 1921, however, in every case, was reported fair or good.

"The survey indicates that the business world is still feeling its way, but with increasing confidence and with the conviction that the worst has passed," said former Secretary Houston. "The country has successfully borne the strain caused by a most notable drop in prices, particularly of a vast volume of raw materials, and has weathered a trying period of liquidation."

"This survey does point to certain favorable domestic conditions. The cost of living has appreciably diminished. Building operations in a number of districts tend to increase. There have recently been no strikes of consequence. Greater productivity of labor per man is reported from all districts. Raw materials are plentiful, and physical transportation conditions are good. There have been no business failures of moment. The crop outlook is satisfactory; and the banking situation has improved."

HEALTH WEEK SERVICE

AT COLORED M. E. CHURCH.

"National Health Week" will be observed at Scott M. E. church tonight at 8:15 with the following program:

WINNES TRIAL ON APRIL 15.

Cincinnati, Ohio, April 5. —The second trial of Dr. H. C. Winnes, former Cincinnati veterinarian, charged with the murder of Miss Lura Parsons, who was a school teacher in Harlan county, Ky., will likely be started April 15. Meanwhile the Winnes defense fund committee, of which H. L. Moore, police judge at Jenkins, Ky., is chairman, is making a campaign to raise money in defense of Dr. Winnes. Recently an entertainment was held in Cincinnati in behalf of Dr. Winnes.

The jury in the first trial of Dr. Winnes stood eleven for acquittal and one for conviction.

We will buy your house and pay you the cash for it. We will sell you a house on credit and let you pay us by the week for it. So why pay rent to the other fellow when you can be paying it to yourself.
